Chair, Clinical Practice

2019–2021

Champion, Quality

2017–2019

CLINICAL EXPERIENCE

RN, Medical-Surgical Unit

Hawkesbury General Hospital • Hawkesbury, ON

Nov 2024 – Present

- Perform comprehensive assessments, administer IV medications, and initiate complex care plans.
- Provide epidural pain management, blood transfusions, and patient education.
- Strict adherence to infection control and sterile procedures.
- Collaborate with multidisciplinary teams to facilitate discharge planning and ensure continuity of care.

Clinical Assistant

Restore Medical Clinics • Ottawa, ON

Jan 2024 – May 2024

- Supported chronic and urgent care management in high-volume clinics.
- Performed TB testing, immunizations, minor procedures, and wound care.
- Promoted wellness care and multidisciplinary collaboration.
- Conducted rapid triage and initial assessments to prioritize patient care in a busy walk-in setting.

RN, Oncology-Hematology

Hôtel Dieu de France • Academic Affiliation

Jun 2022 – May 2023

- Delivered specialized oncology nursing care and precise EMR charting.
- Participated in quality initiatives and supervised junior nursing staff.
- Managed complex symptom control for palliative patients.
- Provided compassionate education and emotional support to patients and families during treatment.

RN, Ambulatory Hematology-Onc.

AUBMC (Johns Hopkins Affiliate) • Beirut

Dec 2019 – May 2022

- Administered chemotherapy, blood products, IV antibiotics, and anticoagulants.
- Managed CVAD care, patient teaching, and pre-operative assessments.
- Orchestrated flow for high-volume chemotherapy infusion units.
- Monitored for and managed acute infusion reactions, ensuring patient safety during therapy.

RN, Bone Marrow Transplant Unit

AUBMC (Johns Hopkins Affiliate) • Beirut

Aug 2015 – Dec 2019

- Managed oncology emergencies, strict isolation protocols, and post-transplant care.
- Led quality projects and SOP development for the unit.
- Supported COVID-19 initiatives.
- Served as a preceptor for new nurses, fostering a culture of safety and clinical excellence.

Research & Quality Improvement

Actively contributing to quality initiatives, patient safety research, and evidence-informed practice to strengthen health systems.
